Clearly, a Cut Above.™

The essence of *strength* and *longevity* without compromise.

MULTI-POINT HARDWARE:

Brass

Stainless Steel

White

(Available with keylock)

Vytex Patio Doors take you one step beyond the conventional concept of sliding doors by combining sleek appearance with the durability of precision engineered vinyl. Our slim classic lines allow maximum light penetration while providing superior insulation and soundproofing. Features such as 3/4" insulated glass, multi-chambered insulating frames and weatherstripped interlocks all help to keep drafts, leaks and noise from entering your home.

*For added security the Vytex multi-point locking system secures the door at two points. It has earned the industry's highest recognized security rating.*

A *sparkling* idea...

*the look of beveled glass  
without the expense*

Add Beauty, Comfort and Style to your home with Vytex Patio Doors

# DOOR ANATOMY

Special formula PVC used in our doors never needs painting, makes cleaning a snap and prevents scratching or denting.

Operating panel and meeting rail reinforced with roll formed steel ensures rigidity and strength.

Deluxe multi-point hardware adds beauty and security.

Full 3/4" sealed insulated glass protects your home from heat and cold all year round.

Integral interlock keeps panels closed tight for added security and weatherproofing.

DuraSeal™ by TruSeal. True warm edge technology glass spacer system reduces heat transfer and provides improved seal integrity.

Fusion welded masterframe and operating panel help prevent air and water infiltration.

Multi-chambered, hollow thermalized insulating system provides more dead air space for better insulation and adds greater strength and durability to the door.

Exclusive sliding system featuring adjustable dual tandem 1" wheels ensures smooth, easy and quiet operation.
