

# 7000 Series Patio Door

**Vytext**windows  
Clearly, a Cut Above™

# Add Beauty, Comfort & Style

to your home with Vytex® 7000 Series Patio Doors

Vytex® 7000 Series Patio Doors take you one step beyond the conventional concept of sliding doors by combining sleek appearance with the durability of precision engineered vinyl. Our slim classic lines allow maximum light penetration while providing superior insulation and soundproofing. Features such as 3/4" insulated glass, multi-chambered insulating frames and weatherstripped interlocks all help to keep drafts, leaks and noise from entering your home.

## MULTI-POINT HARDWARE:

Vytex® Low E Glass regulates your home's temperature to help keep you cool when it's hot and warm when it's not.

Brass

White

*For added security, the Vytex® multi-point locking system secures the door at two points. It has earned the industry's highest recognized security rating.*

The essence of **Strength & Longevity** without compromise

### Stay Warm, Keep Cool™

As an ENERGY STAR® partner, Vytex uses the latest advances in patio door and glass technology to maximize the performance and efficiency of your patio door investment. With an exclusive line of energy-saving features, our patio door can help your home stay warmer in the winter, cooler in the summer – and dramatically reduce your energy costs.

# Door Anatomy

Special formula PVC used in our doors never needs painting, makes cleaning a snap and prevents scratching or denting.

Operating panel and meeting rail reinforced with roll formed steel ensure rigidity and strength.

Deluxe multi-point hardware adds beauty and security.

Full 3/4" sealed insulated glass protects your home from heat and cold all year round.

Integral interlock keeps panels closed tight for added security and weatherproofing.

DuraTex™ Spacer System. True warm edge technology glass spacer system reduces heat transfer and provides improved seal integrity.

Fusion welded masterframe and operating panel help prevent air and water infiltration.

Multi-chambered, hollow thermalized insulating system provides more dead air space for better insulation and adds greater strength and durability to the door.

Exclusive sliding system featuring adjustable dual tandem 1" wheels ensures smooth, easy and quiet operation.

*Available in white only.*
