

GARDEN WINDOWS

FEATURES & PERFORMANCE

DURABILITY & DEPENDABILITY

Made of fully welded, rigid PVC vinyl frame for added structural strength and durability.

ADD CHARACTER & BEAUTY

Garden windows are a great way to invite natural light and added space to your home. Often found in kitchens and laundry rooms, these windows provide ample sun exposure from three sides, allowing plants to flourish while still maintaining the energy-efficient features you expect from Vytex.

SECURITY & PERFORMANCE

With durability and safety in mind, these windows feature a clear 1" glass package, a multi-point locking system and smooth crank handles for opening.

TEMPERED GLASS SHELF

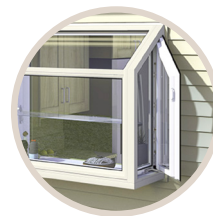

Our garden windows come with an optional tempered glass shelf; perfect for growing herbs.

BIRCH OR OAK SEAT BOARD

Our garden windows feature rich, hand-selected birch or oak wood seat boards to suit your home's style.

VENTED SIDES

Easy open ventilated sides allow maximum airflow.

ADDITIONAL FEATURES

- 35 Degree top sloped window with tempered glass
- Ventilated sides for optimal air flow
- Insulated seatboard standard; laminated seat board available upon request
- Available in white or beige interior colors and 16 VyCoat™ exterior paint options
- Shipped assembled and ready to install
