

# GEORGETOWN<sup>®</sup>

## WELDED CORNERS

Made from a specially formulated PVC, our welded sash and frame offers superior strength and durability, with a DP R-40 rating.

## EXCEPTIONAL INSULATING CAPABILITIES

Multi-chambered, hollow thermal insulating system provides more dead air space for better insulation and adds greater strength and durability. Integral weatherstripping decreases air infiltration and will never peel off.

## TILT-IN SASHES

Our sashes are designed to tilt-in effortlessly so you can easily clean the interior and exterior of your windows.

## TRIPLESILVERLOE™ – OFFERING SUPERIOR COMFORT & PERFORMANCE

Our TripleSilverLoE™ glass delivers the ideal balance of solar control and high visibility, providing the highest levels of year-round comfort and energy savings, making it the perfect glass no matter where you live. The dramatic comfort improvement from windows with warm glass surfaces also means the relative humidity of the indoor air can be controlled and maintained properly. Proper humidity levels will improve comfort and promote a healthier living environment.

## DURATEX™ SPACER SYSTEM

Spacers play an integral role in window performance and can significantly boost the energy efficiency. Our DuraTex™ system uses warm-edge technology to help block heat's escape path and provide exceptional thermal performance in your home. Other benefits of the DuraTex™ spacer system include reduced condensation and more comfortable humidity levels inside your home.

## PROTECTIVE LOCK & KEEPER

Our protective lock and keeper are both integrated into separate support bars to provide ultimate security.

## SUPERIOR AIR INFILTRATION

The Georgetown Series incorporates features like triple-fin weatherstripping, top-rated glass packages and more. These important defenses are necessary to stop air from entering your home. Our windows reduce air infiltration 5x better than wood windows and 3x better than other high-performance vinyl windows. With a rating of .09 air infiltration – industry standards are .3 – our windows are among the most energy efficient on the market. Maintain comfort in your home and reduce your energy costs with the Georgetown Series.

## WINDOWS DESIGNED TO LAST A LIFETIME

Georgetown Series windows offer exceptional energy efficiency and include advanced features and technologies. Made from the highest-grade materials, our windows are tested to meet or exceed industry standards. They're virtually maintenance-free, and will keep their like-new beauty and performance year after year.

At Vytex, we guarantee your windows for life.\* Our promise to you is that in the course of normal use, our products will be free from defects in material and workmanship for as long as you reside in your home. You can rest easy knowing Vytex windows and doors will maintain their function and beauty for years to come.

\*Covers materials only. Labor and delivery are not included.
